**THE SUN.**

FOR 1890. 1890.

Some people agree with the Sun's opinions about men and things, and some people don't; but everybody likes to get hold of the newspaper which is never dull and never afraid to speak its mind. Democrats know that for twenty years THE SUN has fought in the front line for Democratic principles, never wavering or weakening in its loyalty to the true interests of the party; its services with fearless intelligence and disinterested vigor. At times opinions have differed as to the best means of accomplishing the common purpose; it is not THE SUN's fault if it has been further into the millstone.

## CAUTION.

W. L. Douglas's name and the price are stamped on the bottom of all shoes advertised by him before leaving his factory. This is to protect the wearers against high prices and inferior goods. If your dealer does not keep the style or kind you want, or offers you shoes without W. L. Douglas's name and price stamped on them, and says they are just as good, do not be deceived. Send direct to the Factory for you can get what you want at a low price. Dealers make more money on shoes not warranted by anybody; therefore do not be induced to buy shoes that are not stamped on the bottom, and you are sure to get full value for your money. The shoes of Douglas are saved annually in this country by the wearers of "Douglas' Shoes." In ordering by mail state whether you want French toe, plain French toe, or narrow cap toe, and be sure to give size and width you wear. I can fit any foot that is not deformed, as my shoes are made in a great variety of widths, sizes and half sizes. I guarantee a perfect fit and perfect satisfaction or money refunded upon return of the shoes in good condition.
